

10th European FWD User Group Meeting

Prague, 2nd of October 2023: 2.15pm – 4.15pm

Date and venue

The EuroFWD UGM will be held in Prague on October 2, 2023 from 2.15PM to 4.14PM in conjunction with the XXVIIth PIARC World Road Congress (<https://www.wrc2023prague.org/>). Address of the venue: Prague Congress Centre, 5.kvetna 65, 140 21 Prague 4, Czech Republic.

Programme of the 10th EuroFWD UGM

Four presentations, 25 minutes each:

- **Helene Persson** (Greenwood Engineering A/S)
Comparing pavement response from a single rolling wheel with FWD.
- **Per Otto Aursand** (Norwegian Public Roads Administration)
Deflection Measurements on the National Road Network of Norway using RAPTOR.
- **Arman Hamidi** (Norwegian University of Science and Technology)
A Comparison Between Rapid Pavement Tester and Falling Weight Deflectometer.
- **Kåre Sloth Jensen** (measure)
A short presentation about “measure”

An open discussion for 20 minutes:

- *The role of the FWD in comparison to the TSDD's, their advantages and inconveniences, their respective data quality, etc.*

Registration

Participants to the 10th EuroFWD UGM will have to register for participation. More detailed information about the registration process will follow later. Several options for registration will become possible:
